

PROGRAM

Argy Barge

Working with theatre director Anthony Crowley, children join forces to create a unique performance in a single day combining improvised story-telling, light, sound, puppetry and movement. A workshop for children aged 9-12 conducted over four sessions. Performance for parents at 2:10pm.

Circus Skills Workshops

Asking for Trouble and Almost Exactly Circus will teach children the basics of circus including acro-balance, clowning, hula hoops, juggling and balancing in these fun workshops.

Dreamer in the Deep

Dream Puppets present a magical black light puppet theatre deep sea adventure show. Dreamer descends into the depths of the ocean where he meets many beautiful, exotic and dangerous sea creatures including a leafy sea dragon, an accordion-playing crab and an aspiring opera singer cleaner shrimp!

Hip Hop Dance Class

Shake, pop, lock and drop with Rebel Stepz. Their funky Hip Hop class will get kids movin' and groovin'!

Jam with Gillian and Lah-Lah's Big Live Band

It's your turn to play! BYO instrument or 'soundmaker' and jam with the fabulous musicians from Lah-Lah's Big Live Band led by Gillian Howell. Help turn the cool, catchy Lah-Lah songs into an incredible musical event for all ages, all instruments and all abilities.

KAPOW! – Asking for Trouble

Introducing Scout, she does mad tricks on her bunk beds. If bunk beds were an Olympic sport, she would pretty much be there. Full of skilful acrobatics and set to a spectacular soundtrack, Kapow explores the super power of imagination, adventure, bravery and a bigger life.

Lah-Lah's Big Live Band

Lovable characters Buzz the bandleader, Lola the dancing double bass, Tom Tom the drums, Mister Saxophone and Squeezy Sneezzy the accordion join their ring-leader Lah-Lah in a musical spectacular that will have kids grinning and shimmying from go to whoa!

Minimum Stay – Almost Exactly Circus

Set in a run-down hotel, Minimum Stay is an unforgettable, high energy Faulty Towers-style comedy. With over-booked reservations and chaotic service, five circus performers frantically try to keep their beloved hotel afloat and their guests happy.

My House Puppetry Workshop With Polyglot

The humble cardboard box comes to life as children embellish it with their own dreams and ideas. In this hands-on workshop, children work with design materials to construct their own little house that serves as a three dimensional illustration of themselves.

Nests

In the magical environment of Nests birds are singing and crickets are calling. Children and parents engage in an intriguing musical discovery that begins as soon as they enter the darkened forest environment and step inside the giant nests. Beautiful, unusual instruments hidden inside large eggs fill the space with evocative musical sounds.

Paper Planet

Paper Planet is a beautiful, gentle installation filled with tall, strange cardboard trees, paper leaves, boulders, birds, creatures, and a live soundscape. Children populate the world with their own creations and rustling paper selves as they literally become wrapped up.

Robot Heads Puppetry Workshop With Polyglot

An ordinary cardboard box transforms into a wearable robot head in this workshop for younger children. Artists from Polyglot Theatre assist children in choosing from a range of fun elements to create their own unique character. Then the dance of the robots begins!

The Adventures of Monty the Magical Dragon and Rosanna Magic

Monty has just arrived back from a grand world adventure but his best friend Rosanna Magician can't find him anywhere. Where could a seven foot tall green dragon be hiding?

The Curious Game

A bossy Queen, a rather stupid Knight and a cunning Pawn begin a game like no other on a giant chessboard with pomp and ceremony and ridiculous rituals. Demanding creativity, lateral thinking and split-second guessing of its participants, this show is highly interactive, physical and very funny.

The Mighty BUZZniks

If Dr Seuss started a rock band this would be it! The Mighty BUZZniks make smart and edgy music for kids who like to rock. Their songs are full of energy, fun and complexity, mixing an array of instruments, diverse sounds and fabulous harmonies that present a rich world of music to children.

The Story Thieves

The Story Thieves are four charming, mischievous vagabonds who create fantastical tales using audience suggestions and participation. Kids' ideas come to life through improvisation in an hour of wonderful mayhem. Anything you can imagine could happen, and does!

Wet Watery Soundworld

Children explore the world of wet and watery sounds combining their creations into a group composition. Led by musician and composer Gillian Howell, participants shake, strike, soak, and submerge exotic instruments from around the world and discover startling ways to make music from cups and tubs of water.
